About Us

beyondlimitscanada.ca

Society often puts labels on people with disabilities, which in turn limits their ability to thrive. **Beyond Limits** brings people together to exchange ideas, expertise, and knowledge with a goal of enhancing the quality and accessibility of services for people with additional support needs.

We push **beyond the limits** of the possible into the impossible. It is here where we truly create a community of inclusivity, amplifying the voices of the people we serve.

With a focus on behaviour, research, technology, ethics, and best practices, **Beyond Limits** will leave you with practical tools, strategies, and information to allow professionals, para-professionals and decision makers to better support the people they serve. Beyond Limits hosts an annual in-person conference, with additional virtual and in-person offerings throughout the year as well.
